

EOS-H-01

- Works with the Full range of Innovex Single Use Endoscopes
- High capacity processor: Advanced image algorithm to improve image quality
- USB connection for external big capacity storage device
- Internal battery for time clock
- USB connection for external keyboard to simplify input operation
- Signal output: 2 DVI + 1 SDI + 1 VGA
- Accurate time counting
- Memorise last time settings before new settings

EA100

- Portable DVP to allow for easy transportation
- TouchScreen 13.3"
- High capacity processor: advanced image algorithm to improve image quality
- USB connection for external storage device (flash drive)
- Built in 32G SD Card
- Signal output: DVI and SDI
- Battery 7800mAh
- IV pole and desk stand mounting clamp
- Works with the Full range of Innovex Single Use Endoscopes

SINGLE USE FLEXIBLE BRONCHOSCOPE

SINGLE USE STILL NEEDS PERFORMANCE

WHEN VISION MATTERS

INNOVEX Single-Use Flexible Bronchoscope provides every patient a clean scope with high quality view – every time. Eliminate the cost and risk associated with reprocessing and cross-contamination.

1 Lever lock

2 Photo & video button

3 Aspiration button

4 Aspiration connector

5 Working channel luer port

6 Dual deflection:
210°up / 180°down

7 Field of view: 110°±10%

8 Excellent maneuverability
Working length 620mm

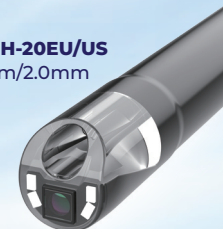

9 Excellent maneuverability
Working length 670mm
